

## **ATLAS MAINTENANCE (SCOTLAND) LTD**

The Complete Building Maintenance Service

### **Environmental Policy Statement**

Through the provision of building & building services repairs, refurbishment & maintenance the Directors of Atlas Maintenance recognise that the Company has a responsibility for protecting the environment from any adverse effects its business activities may generate.

With this in mind the Company is committed to complying with all regulatory & legislative environmental requirements & in addition will take all reasonably practicable measures to ensure that it will carry out its business activities in a manner that will have minimum impact upon the environment. Our environmental system has been certified to BS/EN/ISO 14001 2004.

Specifically Atlas Maintenance (Scotland) Ltd. will endeavour to recycle, reduce and re-use strategies (three R's).

- Encourage the use of recycled products when doing business
- Commitment to fully using Environmentally Friendly products where they are obtainable.
- Use the most energy efficient & pollution free means of transport for the delivery of the services it provides.
- Whenever possible use products & materials from sustainable resources & seek to do business with like-minded suppliers.
- Bring our environmental policy to the attention of our employees & suppliers
- Continue to be registered with the Scottish Environmental Protection Agency (SEPA) for the purpose of demonstrating that monitoring is in place to control pollution
- Keep records of all control of pollution measures introduced by the Company for review & inspection by Board of Directors, our clients, & other interested parties.

On an annual basis or whenever legislative change takes place, whichever is sooner, the Board of Atlas Maintenance (Scotland) Limited will review the Company's environmental policy.

Targets will be set annually at Management Meetings & the system will comply with the requirements of ISO 14001
